portional representation so far as the present Parliament is concerned.

Take the man out of demand, and retail stores would lose only 15% of their sales. Woman does 85% of the purchasing and has an influence over 10% of the balance.

If you make an article used in a home, or an article worn by any member of the family; or, in fact, nearly any article except steam-shovels, the way to sell it is by advertising to the women. They are the "purchasing agents" for American homes, and 1,000,000 of them are influenced in their buying by what they see advertised in The Delineator.

The
